### John George, International Champion of Magic

Congrats!! I have always been a student of Mark's Course in Magic. It was one of my first books and remains a favorite. One of my favorite memories in magic is when Mark visited a magic class I was taking and graciously gave us advice. I will always remember this. Thank You!

### Annabel Gray

Congratulations on 50 years! Looking forward to sharing the celebration with you at the Castle.

The impromptu table magic that you two taught me at the Magic Castle over a decade ago still serves me well when I am caught without cards or scarves!  
Thank you so much!!!

One of the highlights of my career as a magician was to be magically produced out of a box by Mark Wilson, in a series of shows at a Gulf Coast casino. In my mind he will always be the Elvis Presley of modern Magic! Thank you, Mark & Nani, for all you've given to Magic!
